## Street Railway Keeps Track In Good Repair and Still Must Lay Aside \$164,500

That Amount Must Be Put Aside Each Year for Ten Years To Form Depreciation Fund for Track Work—Question to be Solved is Whether This Charge is Excessive—

Should the street railway have to set aside money each year for a depreciation fund? This is the question which is being asked by the council which will have to face shortly. The council is inclined to believe that depreciation should be set aside, especially in some instances. Superintendent Lammont is of the opinion that depreciation should be set aside, especially in some instances. Superintendent Lammont is of the opinion that depreciation should be set aside, especially in some instances. ## NO DEATHS DUE TO BOILER EXPLOSION OCCURRED IN 1914

Stringent Regulations of Province Exclude Cheap and Defective Boilers.

That not a single death due to a boiler explosion took place in the province last year is largely the result of the stringent boiler regulations enforced by the province. The regulations are so strict that no cheap and defective boilers are allowed to operate in the province.

The Labor Gazette of February shows that wholesale prices for January stood at 135.6 as compared with 135.5 in January, 1914. Prices were higher in grains, butter, poultry, cheese and flour, but lower in cattle, hogs, beef, eggs and sugar.

In the morning service on Sunday at the Methodist church, Rev. D. Armstrong will preach at 10 o'clock. The topic for discussion will be, "The Communion of Christ and the Evening Service."

## FRATERNAL

The Daughters and Maids of England, Ladies Imperial, held a whist and dance on the 4th of March. The event was a great success and the proceeds were used for the benefit of the poor.

## IN THE HOUSE OF COMMONS

Ottawa, February 27th, 1915.

While the estimates of the Minister of Labor were under consideration yesterday, Major Lacombe, of Montreal, who represents a constituency in that city, took occasion to bring to the attention of the minister in forceful language the labor conditions existing there. He said that 45,000 people were out of work in Montreal; that the city had recently appointed \$175,000 as a charity fund; that certain benevolent society had established a daily distribution of food and that the daily bread line was not less than four hundred. Conditions were getting worse instead of better as there was no construction work in progress. There has been a great increase in crime and he feared that riots would occur unless conditions changed for the better.

The minister did not offer any solution of the situation. In fact, Major Lacombe accused him of laughing at the statement. This the minister denied.

## THE LABOR GAZETTE OF FEBRUARY

shows that wholesale prices for January stood at 135.6 as compared with 135.5 in January, 1914.

Prices were higher in grains, butter, poultry, cheese and flour, but lower in cattle, hogs, beef, eggs and sugar. Labor conditions throughout the Dominion, as represented in the Gazette, indicate that in the Maritime Provinces conditions are nearly normal, but in the rest of the Dominion the condition of unemployment is more general than ever before, with little or no prospect of betterment in sight.

War contracts seem to be the only work in progress, and these apparently do not give any large measure of relief. The situation shortly is that labor conditions throughout the Dominion, except in the Maritime Provinces, were never so depressed as they are today, and never was there less prospect of improvement. So far from the war being the cause of the depression war contracts are the only feature of relief.

The additional tax to be levied on the people of whom such a tremendous proportion are out of employment at the present time, and the tariff changes of last session and this, amounts to \$44,000,000. To this must be added the bonus to the combines of \$40,000,000, or \$84,000,000 of increased burdens which have been placed upon the people of Canada for the coming year by the legislation of the government of the day.

Finance hopes to secure by means of the recent tariff increases will cost at least twice as much in bonus to the combines, so that he has laid a burden not of \$30,000,000, but of \$80,000,000 upon the already over-burdened consuming population.

### LEUCUS CASE IN COURT.

In the supreme court yesterday afternoon a will case affecting the Northern family at Leduc was heard before Mr. Justice Eves. The case was that of Mrs. Emma Norris vs. Ernest Berger, executor of the estate of Mrs. Louis Kruger. Mrs. Norris had been living with her mother, Mrs. Kruger, for a number of years in a house purchased from the estate of her late mother. When Mrs. Norris married there was some dispute with the estate and in her will she bequeathed left her property to the children of Mrs. Norris for their education. This did not suit Mrs. Norris and she endeavored to claim for the property. A counter claim was also entered by the defendant, but the judge decided the action with costs. By this decision the children of the late Mrs. Kruger, Mrs. Kruger, D. E. Macdonald, and Mrs. Kruger, D. E. Macdonald, were awarded the property. The plaintiff, Wm. C. Charteris, Leduc, for the defendant.

### Coming Events

The next regular monthly meeting of the Edmonton chapter No. 19, O. E. S., will meet in Masonic hall, Second street, at 8 p.m., Thursday evening, March 11th, instead of Wednesday evening, March 10th. Visitors always heartily welcomed. Please note the night is Thursday not Wednesday.
